

# RESILIENT CITY KADIKÖY

From Global to Local  
Common Goals & Common Targets

**THE GLOBAL GOALS**  
For Sustainable Development

OECD  
**Better Life**  
Index

# Resilient Kadıköy

We support our policies based on resilience with climate-friendly, ecological, accessible, affordable, participatory and sustainability principles.

# Solidarity Kitchen

From the **Solidarity Kitchen** we created during the pandemic, 181 thousand hot meals were delivered to 1,400 households. Famous chefs came together and worked voluntarily in this kitchen, and UNESCO showed this project to the world as an **example of an Ideal Solidarity Economy**.

# Hold Out Your Hand, Don't Stay Away

To deal with digital poverty, second hand and brand new computers have been delivered to students in need.

# Women's Life Centers

Breaking new ground in our country, we opened the first Women's Life Center, where women who are victims of violence can stay with their boys over the age of 12, unlike regular shelters.

# Mobile Soup Kitchen

We have established the **Mobile Soup Kitchen** to meet the food and beverage needs in disaster areas in case of emergency. The soup kitchen, which has the capacity to serve 3000 people, will serve in various disaster situations, especially earthquakes.

# Alzheimer Center

The second **Alzheimer Center** in Kadıköy, the opening of which was postponed due to the pandemic, will serve another 100 Alzheimer's patients residing in Kadıköy who are in the 1st or 2nd stage of the disease.

# Art in the Park

We moved the cultural centers, which were closed with the pandemic, to the parks. Thousands of Kadıköy residents participated in artistic activities in many fields in our activities.

# Cinematheque / Cinema House

We have made the Cinematheque building, which we completed during the pandemic period, ready for the next season. The Cinematheque/Cinema House, which is planned as 2 basement floors, ground floor and 2 normal floors, has a 161-person movie theater, film archive, library, exhibition and movie watching areas.

## Theatre Kadıköy

With Theatre Kadıköy, our multi-purpose which we have been made ready during the pandemic. With our new exemplary service bulding, we aim to carry Kadıköy's popularity in the field of culture and arts even higher.

# Digital Kadıköy

During the pandemic, we started to offer many of our services in the digital environment. In the near future we will be able to offer all our services remotely.

# Waste Free Life Movement and Waste Free Shop

We started the Waste Free Life Movement. As a part of this movement, the Waste Free Shop started its service on June 5, Environment Day. "Waste Free Shop" is Turkey's first and only local government application that supports Kadıköy Municipality's Waste-Free Life Movement.

# Waste Retrieval Center

Within the framework of our waste-free Kadıköy goals, we started the construction of a 1st Class **Waste Retrieval Center**.

# Kadıköy Orchards

Another contribution to the circular economy will be with Kadıköy Orchards, where our neighbors will meet the soil and grow natural food with heirloom seeds.
